You do not have any items in your collection!. darkroom booth camera. darkroom booth for mac. darkroom booth for ipad. darkroom booth template. darkroom booth support.How do I Apply for a FlyInWorks EZConnect Program? Introduction You must apply for and be approved by FlyinWorks prior to participating in the EZConnect Program. Participants must have a FlyinWorks commercial flight, charter, or flight management operation. The EZConnect Program is specifically intended for fly-in and fly-out pilots who are not available to operate on weekends and holidays, and thus cannot participate in the weekly qualification manual shifts which have historically been an integral part of the Central Region FlyinWorks Qualification Program. The EZConnect Program does not replace or substitute for the FlyinWorks Qualification Program, as it is a program for pilots with pilot privileges who require less flexibility and availability for work than the regular manual shifts. Basic Program Information Fly-in (White) or Fly-out (Black) hours – Depending on your line of sight, you will be flying into or out of Greenville-Spartanburg Airport. 4 week flight schedule (May – August) – During the 4 week period, you are expected to be available for flying on the schedule of days and times that you are able to fly. 4 week exam period – Expected date of the first exam is July 6 – July 22, 2017. The schedule for the four week exam period can be found on the FlyinWorks website. Applications and Requirements If you are planning to participate in the EZConnect Program for the first time, please provide the following information to FlyinWorks in advance of applying. Upon submitting the required information and if the audit of the application shows that it is within the scope and eligibility requirements of the EZConnect Program, FlyinWorks will forward the application to the FAA for approval. Full name of pilot and company Fly-in/Fly-out information Schedule of days and times you can operate Ideal dates to be available for the program Return to normal activity requirements Phone # and email of contact person for your company Email containing the information on the times and days of f678ea9f9e
